

SCIENCE

CORE WORDS

Look!
Look at it
I see it!
That is the same
It is different
It is more big
Open it
Put it in
Take it out
Put it away
Can you feel it?
I feel it
It feels good
I cannot feel it
Do not eat it
Show it to a friend
Where can it go?
What does it look like?
That is not a drink
Take it out
Give it to me
I want more
Come see!
Make it go away

SCIENCE VOCAB WORDS

experiment, result, conclusion,
guess, hypothesis, observe,
investigation, wonder, think, question
order, size, mix, consistency,
mixture, salt, vinegar, penny,
shiny, dull, soft, hard, round, smooth
big/bigger/biggest, larger/largest,
small/smaller/smallest, tiny, huge,
heavy/heavier, light/lighter,
living, non-living, nature, recycle

[Science is]
about asking
your own
questions and
making your own
investigations -
two things young
children are
very good at!
-Asia Citro

CURRICULUM CONCEPTS

Comparatives, Patterns, Sequencing, Attributes
Fine Motor Skills, Sensory Exploration
Characteristics of Living Things, Physical Properties of Objects,
Observations about Nature, Conservation and Recycling
